

**Superior Courts Carpet Request for Proposal
Addendum #1**

1. Insurance Coverages: Is a \$10M umbrella coverage required?
Response: Coverages are a part of the responsibility portion of the review process and it is more advantageous to the County and General contractors to have higher coverages and protections but we do understand that coverages do vary by agency and a proposal should be looked at as a whole. Therefore, we encourage all interested parties to respond and provide the coverages that your agency does currently have.
