

**Pest Control Services  
Addendum #1  
Dated December 18, 2015**

Clarifications:

1. The Bid Walk specified bidders “must” attend the bid walk but did not state if it was “mandatory”. Due to this being unclear, the County is not requiring the bid walk as a requirement to submit a proposal.
2. Your proposal should include the addition of the Day Reporting Facility and the New Sheriff Facility. Square footages are included in the table below.
3. Courthouse – Jail: The jail service will be coordinated with the jail facilities manager. There will be a schedule for what areas are to be treated at each visit. Currently, the plumbing chase is done monthly.
4. At the Government Center, OSHA compliant glue and snap traps are authorized for use.
5. At the Government Center, the interior loading dock should be sprayed and cobwebbed monthly in conjunction with the exterior treatment.
6. Courts areas to be treated, added to the list of potential interior spaces

<b>Building</b>	<b>Square Footage</b>
Courthouse 215 5 <sup>th</sup> Street	Approx. 117,741 sf (three stories)
Jail @ Courthouse 215 5 <sup>th</sup> Street	Approx. 68,074 (multiple stories)
Victim Witness 4240 Dan Avenue	Approx. 14,371 (one story)
