2. SCOPE OF SERVICES

2.1 INTRODUCTION

The County of Yuba is accepting qualifications from firms to provide Architectural Design Services. The County of Yuba will select the consultant firm based on their qualified expertise to perform the Architectural Design Services in their specialized field. This is for a specific project with unique features and needs. The County prefers a partner firm with experience in design of a public safety, police, sheriff, or similar municipal facility but will certainly consider prospective partners with other experiences of a similar size and/or scope. The following is an outline of tasks required of this project. The tasks should include, but not be limited to, what is outlined below. Consultants preparing a response should elaborate on these tasks in their response.

The County seeks a consultant with qualifications to provide architectural services for improving our recently acquired facility; an existing 55,000 square foot building in the City of Marysville. The County's intent is to relocate our Sheriff from their current location in the Yuba County Courthouse in Marysville, CA. This will be a remodel / tenant improvement of an existing facility, as well as an auxiliary building(s). Unauthorized conditions, limitations, or provisions attached to a response will render it irregular and may cause its rejection. The completed submission forms shall be without interlineations, alterations, or erasures. Alternative responses will not be considered unless specifically requested.
